Memorial Hospital

***Community
Care
Fund***

Schoolcraft Memorial's commitment to excellence by people who care is reinforced by its Community Care Fund.

The Community Care Fund offers financial assistance for those individuals and families unable to pay for medical expenses due to financial hardship.

This program is a last resource of payment once all third-party providers have been exhausted, including public assistance through Medicaid Programs and Indian Health Financial Assistance through the Tribal Council.

The Community Care income guidelines are based on the Fair Labor Standards Act.

To obtain an application or if you would like more information to determine your eligibility, please contact Project Administrator, David Strasler at 341-3225 or Project Coordinator, Louisa Kolch at 341-3230.
